Visit Pensacola Board of Directors Meeting

Wednesday, April 26, 2023 Hampton Inn Pensacola Beach

Board Present: Dae Patel, Warren Sonnen, Deandra Holcomb, Brent Lane, Terry Branch, Tim Carn,

and Greg Harris.

Board Absent: Rachael Gillette, Sid Williams-Heath, Amanda Mills, and Alison Green.

Staff Present: Darien Schaefer, Nicole Stacey, Lindsey Steck, Wandy Samuel, Kaya Man,

Melissa Bailey, Tia Robbins, Hannah Pinson, and Blake Howerton.

The Visit Pensacola Board meeting was called to order at 3:03 p.m.

There was no public comment.

OLD BUSINESS

Motion to approve last month's minutes was made by Tim Carn, seconded by Warren Sonnen, and approved unanimously.

NEW BUSINESS

Finance Committee Report

Sid Williams-Heath was absent from the meeting. Director of Finance and Administration Wandy Samuel gave the report.

- Unified March 2023 shows a net income of \$218K, which is due to billing the county for large checks including Showcase, Pensacola Sports and ACE.
- Visit Pensacola has paid \$1.75M of the advance, with a remaining balance of \$1,750,00 to be paid back by the end of the year.
- There are 5 more partners as of 3/31/23 than 3/31/22, which resulted in \$15K more from partnership dues.
- Pensacola Sports submission for February and March was received for the total of \$167K.
 They have received \$560K of the \$800K advance in \$80K installments as per their FY23 agreement.
- ACE has signed their FY23 contract and has received their first advance of \$600K.

Sonnen asked what disallowed travel expenses are. Samuel explained that when the staff travels, if there's something we can't bill the county – items over the GSA amount, tips, that's what that is for.

Sonnen additionally asked about Postage line item and do we normally spend that much in the first half of the year. Samuel said Postage covers the shipping of Insider Guides as well as materials for tradeshows. Costs are higher due to more tradeshows being attended and will vary depending on marketing campaigns that generate requests for Insider Guides.

Greg Harris asked about bank services charged. Samuel said we were billed \$5,000 for using the line of credit last Fall. Harris asked how often has Visit Pensacola had to tap into the line of credit? Samuel said this is the second year in a row and necessary due to cash flow at the end of the fiscal year. Schaefer said with the increase in the advance by the County, and the advance planning for use of the Supplemental funding, we should be able to cover cash flow from our operating reserves.

Harris asked if there are any other line items that are too close to the budget? Samuel said no and that line amounts can be adjusted within each budget area (Direct Programming, Operations, and Personnel) if necessary.

Motion to approve the April Financial Report was made by Deandra Holcomb, seconded by Terry Branch and approved unanimously.

2nd Quarter CPA Compiled Financial Statements

Samuel noted there were no issues in the 2nd Quarter Financial Statements. Motion to approve the 2nd Quarter CPA Compiled Financial Statements was made by Holcomb, seconded by Carn and approved unanimously.

ReVisit Pensacola Strategic Plan Committee Reports

Schaefer gave the update and let the board know they've had three committee meetings to discuss the five areas of strategic focus. A few points stood out:

- Many of the tactics noted within the plan are things we're already doing.
- Under Product Development Two items, a new conference center or multi-use indoor public center, will require longer term planning and involve other organizations. Next steps are starting a list of organizations we need to involve in this process.
- Under Community Collaboration We will review the groups that we're involved with, update that list and then develop the communications plan to reach each group in a meaningful way.

Brent Lane commented that the meetings were very helpful as we start to evaluate what our short, medium, and long term initiatives are for planning purposes.

Sonnen commented that he thought it was good. Some items discussed were very big, but others were smaller so that we could potentially handle in house.

Marketing/Showcase

Nicole Stacey gave the marketing and sales update. Here were the highlights.

- Five grant workshops were held that were highly attended. The grant applications are due June 6, 2023 and will be reviewed by the committee and approved by the board in June.
- The sales team traveled to the African American Travel Conference and the Dallas Travel and Adventure Tradeshow which included a Diving activation.
- Stacey attended the E-Tourism Summit and the Visit Florida New York Media Mission.
- We hosted four press trips and finished out the Madden Influencer Campaigns.
- Upcoming hosted media includes LGBTQ+ media Ravi Roth and Ricky Cornish, and Scott Tisson.
- Visit Pensacola staff, in partnership with Northwest Florida Beaches, hosted Adapt-Able Scuba to help train destination partners on ADA in Pensacola.

Showcase Pensacola

Brian McCall gave the showcase update including "Imani's Way to Beach," a new long-format video under development. McCall reviewed the broadcast TV coverage in Nashville, Dallas, and Houston as well as cable tv buys on the SEC ESPN Network and ACCN ESPN. The Tourism Works campaign is running. McCall also attended the E-Tourism Summit and said the Board should be proud of the team as we're holding our own with much larger DMOs.

Presidents Report

Schaefer reviewed the TDT collections through March 2023. Receipts are almost the same through the first six months of the fiscal year (up \$3,229). To date, we have been able to retain the significant TDT increases from 2021 and 2022.

The TDC Meeting on April 11, 2023 discussed an ordinance and a resolution designed to address items raised in the audit. The clarification is that the Administrative Fee is up to 3% and not 3%. As TDT collections grow, if the actual expenses for the Clerk of Courts is only 2.5%, then that is what is reimbursed, not 3%.

The Pensacola Beach Chamber of Commerce had asked for a funding increase to assist with 4th of July and New Years fireworks. The Chappie James Memorial Foundation requested \$1 Million in funding for the new memorial in Wayside Park. There are some questions about appropriate usage of funding for memorials. Additionally, there was an update from Robert Turpin about Sargassum and a request from Danny Zimmern for Mardi Gras funding.

There is a TDC Budget Workshop scheduled for May 9, 2023 on the county website but it should be the 16th of May.

House Bill 7053 – Last Friday was day 46 of the 60-day session so we are in the last two weeks of legislative sessions. Expanding of use of TDT and Visit Florida Funding has been quiet, the bill hasn't had any movement. There is still talk about vacation rentals. VISIT FLORIDA and Space Florida would potentially fall under DEO if Enterprise Florida was dissolved. DEO would be renamed the Department of Commerce.

The new Insider Guide is here and being distributed. We also have a new brochure to be distributed at the Florida Welcome Centers, tradeshows, and activations.

Schaefer received a call from Jeff Bergosh regarding the Perdido Key Visitor Center. Bergosh would like to sit down together with the Perdido Key Chamber of Commerce about potentially transferring the operating responsibility of the Visitor Center back to the Chamber. Back in 2015, this responsibility transitioned from the Perdido Key Chamber to Visit Pensacola because the Chamber recommended businesses across the state and county line. This has been an ongoing concern of the Perdido Key Chamber ever since.

Schaefer shared that he received several solid resumes for the Administrative Assistant position. Interviews are planned and hopefully the position will be filled by the next Board Meeting.

Information Kiosks – We have approval with the airport and coordinating delivery. The locations in Downtown Pensacola are pending...we are working through how power will be provided to each location.

Board Updates

- Tim Carn Got through spring break, April is starting to wane, but summer is looking good. He thinks it's going to match last year.
- Terry Branch Beach is looking good, Fairfield Inn & Suites to open late June early July.
- Brent Lane Crazy busy weekend, hope the weather holds, just won ACM station of the vear.
- Deandra Holcomb They are still waiting on the delivery of their second boat. This year she has received more calls about wheelchair accessibility and requests.
- Warren Sonnen It's complicated. Standard bars and restaurants are stable. For new construction, he's seeing people pull out of projects due to lack of staff availability and construction costs. Sales wise, it's calm following spring break. Hopefully staffing will be good for summer.
- Greg Harris Lost in the playoffs, good season overall. Hosting the league on the beach.
- Dae Patel We did pretty good for spring break and Easter compared to last year.

The meeting was adjourned at 4:10 p.m.

Darien and the Visit Pensacola Board of Directors,

This letter and corresponding attachment provide specific clarification and justification for the budget increase request presented to the Visit Pensacola Board at the March 29 meeting. The request for additional funds is provided in a way to allow a multi-year plan to be developed to support the continued growth of sports tourism as new and expanded events and facilities become reality.

In addition to the information provided below, I would remind the board the amount requested for the Unified Budget and thus Pensacola Sports' allocation was never reviewed with us prior to being submitted to the county. It is difficult to have a "Unified Budget" without a "unified" review with each partner as part of the development of a request. The current high profile of sports events in our community and the successes recognized by the tourism industry, media and community are undeniable. I was unable to attend but I have been told by others in attendance, sports tourism and the growth and success of sports tourism was very much a topic at the recent Visit Pensacola tourism week luncheon.

As presented at the previous meeting, Pensacola Sports is currently absorbing unallocated significant expenses of more than \$125,000 for the SBC Basketball Championships. Sports continue to bring some of the largest and most significant events to the community like the highly successful SEC Women's Soccer Championships, NAIA Men's Lacrosse Championships, and more, while continuing to support the multiple other very worthwhile events. These events' successes continue to bring more opportunities, some of which are noted in the attached spreadsheet . Now is the time to significantly increase the investment in proven positive ROI tourism programs.

The current Unified Budget request submitted to the Tourist Development Council by Visit Pensacola provides only a \$88,345 increase from our current FY 2023 funding from a \$13,000,000 request.

The Board of County Commissioners have made it very clear their plans to invest millions of dollars to repair and upgrade the Pensacola Bay Center and the construction of a new multi-purpose indoor facility. Add the investments being made in the Roger Scott Tennis Facility rebuild, the new Blake Doyle Skate Park, and the development of a multi-use pickleball facility. Designated additional investment in the marketing, development, oversight, and future programing of these assets is critical. Filling these spaces with visitors is not an overnight effort but a multi-year, multi-dimensional task.

I would again reiterate this request is not intended to request a decrease in the Unified Budget Partners' respective funding but to increase the funding for the greater good of our local tourism impact.

Thank you for your consideration and I look forward to your response.

Sincerely,

Ray Palmer, STS President and CEO Pensacola Sports

Pensacola Sports Budget Increase Proposal Narrative Fiscal Year 2023-2024

Sports tourism has brought in over \$35 million to Escambia County in the fiscal year of 2022. An increase from its almost \$23 million impact in 2019. Our reputation as a prime destination for event rights holders, national governing bodies, and conferences to hold sporting events continues to build.

As the Sports Tourism Agency of Escambia County, Pensacola Sports assists in bringing over 30 sports tourism events annually to Escambia County through staff support, marketing, grants and more. Our growth cannot continue without an increase in our sports marketing funding.

Pensacola Sports destination platform received 364 total leads from event organizers between November 2022 – February 2023, Ranking #16 out of 284 Active Destination Profiles on the Playeasy platform. Many opportunities to bring new visitors to our area through sport are missed. Grant funding is limited, and we can no longer accept grant applications in the current fiscal year. Our current events have potential for growth, with limited marketing dollars to reach more outside markets.

Our budget increase proposal is for continuing our growth in bringing new events to Escambia County, promoting venues to event rights holders, marketing events to increase visitor participation, increased staffing to support these efforts, and more opportunities to support sports tourism events from other event organizers in our community through our grant program.

Budget increase proposal chart located on page 3.

1. STAFFING

Pensacola Sports currently has 5 full-time employees and 2 part-time employees. We need more support in accounting, marketing, and event management. The fund increase would allow us to hire a full-time bookkeeper/accountant, in-house marketing coordinator, and event staff. Only two of our staff members are full-time event managers.

2. FACILITY MARKETING

The growth of sports tourism in Escambia County has resulted in many improvements to current facilities and the creation of new facilities. These facilities will need marketing support to increase the return on investment on the facilities and reach new potential event organizers. These funds would be used for promotion collateral, 3D digital venue viewing, and communications of facility enhancements.

3. MARKETING INCREASE – CURRENT EVENTS

Pensacola Sports currently hosts multiple annual events that could bring even more visitors to Escambia County. Most of these events have marketing budgets under 5K, limiting our out of market reach. With an increase in the marketing budgets for each of these events, the marketing plans would include a greater reach of out-of-area markets.

4. EVENT SUPPORT INCREASE

The 2022 SEC Women's Soccer Championships and 2023 SBC Basketball Championships generated 6.9 million dollars in Escambia County and brought 5,898 visitors to the Pensacola area. The first year of hosting the SEC Soccer Championship in Pensacola broke all previous spectator attendance records for their soccer championship. Bleacher rentals are needed and will add an additional expense for the 2023 and 2024 Championships. SBC Basketball Championship has expanded to include 2 additional institutions, adding more games, another day to the tournament, and more expenses. Pensacola Sports budgeted 50K annually for the Championship. To fulfill the county's hosting agreement, Pensacola Sports has been spending 115K-130K annually out of their Sports Marketing budget.

5. NEW MAJOR EVENTS

Event rights holders and national governing bodies consistently reach out to Pensacola Sports with interest in bringing their sporting events to Escambia County. Many opportunities are dismissed or held off due to budget constraints. The Sun Belt Conference wants to create a spin-off men's and women's basketball tournament in November. The Sun Belt Conference would also like to bring their highest profile baseball championships to Escambia County in May 2025. To facilitate this move, the commitment of funds will be required before the actual May 2025 event date for marketing, facility commitment, hosting duties, etc. The National Association of Intercollegiate Athletics wants to move their Men's Soccer Championship to Escambia County in December 2024. Pensacola Sports is unable to commit to these new sports tourism events with the current proposed FY 2024 budget.

6. TRAVEL AND FACILITY DEVELOPMENT

As we expand assets with the addition of new and improved facilities, additional funding will be needed to increase the presence of Escambia County at various sports tourism events throughout the year Expanding participants to include more staff as well as Escambia County Parks and Recreation senior management.

The development of Tourist Improvement Districts (TIDS) as a tool to enhance financing resources is rapidly becoming one of the most popular ways to increase tourism funding sources with highly restrictive uses. Communities across the State of Florida and the country are tapping these opportunities, Escambia County needs to do the same.

VISIT PENSACOLA BOARD MEETING May 31, 2023

VP Financials

MANAGEMENT LETTER

To the Finance Committee and Board of Directors Visit Pensacola, Inc.

In planning and performing our audit of the financial statements of Visit Pensacola, Inc. ("VPI") as of and for the year ended September 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered VPI's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of VPI's internal control. Accordingly, we do not express an opinion on the effectiveness of VPI's internal control.

However, during our audit we identified the following items for your consideration. This letter does not affect our report dated May 12, 2023, on the financial statements of Visit Pensacola, Inc.

Fiscal Agent Responsibilities

In accordance with the Miscellaneous Appropriations Agreements between the County and VPI (the Agreement), VPI accepts tourism development revenue from the County on behalf of Art, Culture, and Entertainment, Inc. (ACE) and Pensacola Sports Association, Inc. (PSA). As fiscal agent for ACE and PSA, VPI is responsible for administering the funding and ensuring it is spent in accordance with the Agreement.

The Agreement requires funding be used in accordance with Florida Statute § 125.0104. We noted documentation of subrecipient expenditures could improve to ensure compliance with this criteria and support how the requirement is met. VPI should continue to strengthen its subrecipient policies and procedures by requiring subrecipients to provide documentation evidencing how expenditures were used and that they were effective in achieving their intended, allowable purpose.

We also noted ACE's requests for reimbursement were not submitted on a timely basis which resulted in audit entries. We recommend the necessary personnel be reminded and encouraged to submit requests for reimbursement on timely basis in order to be reimbursed and to maintain accurate financial records.

We will review the status of these comments during our next audit engagement. We are also available to discuss these in further detail with you, if so desired.

Very truly yours,

Warren Averett, LLC Pensacola, Florida May 12, 2023

Finance Committee c/o Visit Pensacola, Inc. 1401 E. Gregory Street Pensacola, Florida 32502

We have audited the financial statements of Visit Pensacola, Inc. (the "Organization") for the year ended September 30, 2022, and have issued our report thereon dated May 12, 2023. Professional standards require that we provide you with information about our responsibilities under, generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 08, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Organization are described in Note 1 to the financial statements. We noted no transactions entered into by the Organization during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 12, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Organization's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

We have issued a "Management Letter" to the finance committee and board of directors which contains items for consideration with respect to financial and accounting matters noted during the audit.

This information is intended solely for the use of the Finance Committee, Board of Directors and management of the Organization and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITORS' REPORT

To the Finance Committee and Board of Directors Visit Pensacola, Inc.

Opinion

We have audited the accompanying financial statements of Visit Pensacola, Inc. (a 501(c)(6) nonprofit organization, hereinafter referred to as VPI), which comprise the statements of financial position as of September 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of VPI as of September 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VPI and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VPI's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of VPI's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VPI's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

Visit Pensacola, Inc. (VPI) was formed in 2013, as a Florida not-for-profit corporation to promote the common business interests of the tourism industry in Escambia County, Florida, and to unify the private sector, visitor, tourism, meeting and convention interests of the various incorporated and unincorporated areas of Escambia County, in order to speak with a collective, focused voice of authority on issues that affect the tourism industry.

Basis of Accounting and Presentation

The financial statements of VPI have been prepared on the accrual basis of accounting and in accordance with the accounting principles generally accepted in the United States of America (US GAAP) which require that VPI report information regarding its financial position and activities based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes in net assets therein are classified as follows:

<u>Net Assets Without Donor Restrictions</u> – Net assets that are available for general use and not subject to donor restrictions.

<u>Net Assets With Donor Restrictions</u> – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature and may, or will, be met either by passage of time or the events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. VPI did not have any net assets at September 30, 2022 and 2021, where the donor imposed restrictions.

Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with US GAAP. These estimates and assumptions affect the amounts reported in the financial statements and the note disclosures. Actual results could vary from these estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, if applicable, VPI considers highly liquid debt instruments purchased within three months of maturity to be cash equivalents.

Accounts Receivable

Accounts receivable are reported at unpaid balances less an allowance for doubtful accounts, if applicable. Management evaluates the status of unpaid accounts and adjusts the allowance as necessary through a provision for bad debt expense. No provision for uncollectible accounts had been established as of September 30, 2022 and 2021, as accounts receivable are considered to be fully collectible.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Revenue Recognition

Revenues are reported as increases in net assets without donor restrictions, unless their use is limited by donor-imposed restrictions. Under accounting standards, earned revenue measurement is driven via a principles-based process that requires the entity: 1) identify the contract with the customer; 2) identify the performance obligations in the contract; 3) determine the transaction price; 4) allocate the transaction price to the performance obligations; and 5) recognize revenue when (or as) performance obligations are satisfied. Contributed support follows different standards. A summary of each of the revenue and support flows are as follows:

The primary source of revenue is a portion of the local option tourist development tax imposed and collected on short-term lodging by the Escambia County Board of County Commissioners (the County). In accordance with the agreement with the County, VPI receives funding on a reimbursement basis from the County as expenditures are incurred in carrying out its mission.

Gifts and grants, including unconditional promises to give, are recognized as revenues as either without or with donor restrictions in the period verifiably committed by the donor. Gifts and grants of assets other than cash are recorded at their estimated fair value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the estimated future cash flows using a risk adjusted discount rate depending on the time period involved. Amortization of the discount is included in gift and grant revenue in accordance with the donor-imposed restrictions, if any, on the gifts or grants. Gifts or grants with donor-imposed restrictions that can be met through the passage of time or upon the incurring of expenses consistent with the purposes are recorded as net assets with donor restrictions and reclassified to net assets without donor restrictions when such time or purposes restriction has been satisfied.

Gifts of property and equipment are recorded as without donor restrictions, unless the donor explicitly states how such assets should be used. Gifts of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. VPI reports expirations of donor restrictions when the donated or acquired long-lived asset is placed into service.

Conditional contributions are recorded as revenue when such amounts become unconditional, which generally involves the overcoming of a barrier to entitlement. This can include items like meeting a matching provision, incurring specified allowable expenses in accordance with a framework of allowable costs, or other barriers. Contributions received pending designation by the donor are considered to be net assets with donor restrictions until donor stipulations are clarified at which time such are reclassified, if required.

Partnership dues represent revenues from businesses with interests in Escambia County that wish to support VPI's efforts to promote tourism within Escambia County. Partnership dues are recognized ratably on a monthly basis over the partnership period as the performance obligations are satisfied. Management believes that recognizing revenue over time is the best measure of services rendered based on the length of the partnership. Management does not consider there to be significant judgment involved in the timing of satisfaction of performance obligations as those are directly linked to the length of the partnership.

Inventories

Inventories consist primarily of souvenirs and promotional goods, including maps, brochures and postcards, and are valued at estimated cost.

Equipment

VPI capitalizes all expenditures in excess of \$1,000 for equipment at cost. Repairs and maintenance costs are expensed as incurred. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis. Equipment is depreciated over five to seven years.

Donated Assets and Use of Facilities

Donated equipment and other noncash donations are valued at estimated fair value at the date of donation. VPI uses certain equipment which was acquired and paid for by Escambia County. Title vests with the County and such assets are not recorded as assets of VPI. The County does not charge VPI for the use of the equipment. The estimated fair market value of the use of these assets is recorded as in-kind income and related equipment and building repairs in the statements of functional expenses. Effective July 2020, VPI occupies space at the Pensacola Visitor Information Center under a lease agreement with the City of Pensacola for \$10 annually. The lease term is 15 years unless otherwise terminated pursuant to the agreement. The estimated fair value of the use of these facilities are recorded as in-kind income and rent expense in the statements of functional expenses.

Unearned Revenue

Unearned revenue consists of partnership dues and advertising income, which were received in advance. The revenue will be recognized over the terms of the partnerships or once the advertisement occurs.

Compensated Absences

The liability for compensated absences of \$59,229 and \$44,913 as of September 30, 2022 and 2021, respectively, is included in accrued payroll and expenses in the statement of financial position. This represents amounts owed to employees under VPI's paid time off policy.

Functional Allocation of Expenses

The costs of providing the program and supporting activities of VPI have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated by management among the program and supporting activities based on time and effort or occupancy costs.

Advertising

The primary purpose of VPI is to promote and advertise the local community. As such, all program expenses are considered to be either direct or indirect forms of advertising. Such costs are expensed as incurred.

1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Income Taxes

The Internal Revenue Service has granted VPI exemption from federal income tax under Section 501(c)(6) of the Internal Revenue Code. VPI is subject to taxation only on income from any business unrelated to its exempt purposes. VPI is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with US GAAP.

Subsequent Events

VPI has evaluated events and transactions that occurred between September 30, 2022, and May 12, 2023, which is the date that financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

2. ACCOUNTS RECEIVABLE

Accounts receivable at September 30, 2022 and 2021, consisted of the following:

		2022	2021		
Tourism development tax receivable	\$	1,870,635	\$	1,465,730	
Partnership dues		-		4,461	
Other		80		220	
Accounts receivable	\$	1,870,715	\$	1,470,411	

3. LINE OF CREDIT

VPI has a revolving line of credit with Regions Bank in the amount of \$500,000. The interest rate is Prime plus 0.50%, with a floor of 4.75%. The line of credit matures on October 15, 2022, and is secured by inventory, accounts, equipment, general intangibles and fixtures. At September 30, 2022 and 2021, there was no outstanding balance on the line of credit.

In October 2022, the line of credit was renewed through October 15, 2023. VPI borrowed \$300,000 from the line of credit in October 2022, which was fully repaid in December 2022.

4. PAYCHECK PROTECTION PROGRAM LOAN

In February 2021, VPI obtained a loan (the Loan) from Regions Bank in the amount of \$203,237 under the Paycheck Protection Program (PPP) established by the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Under the terms of the PPP, up to 100% of the loan and related interest may be forgiven if the proceeds are used for covered expenses, and certain other requirements related to wage rates and maintenance of full-time equivalents are met. VPI applied for forgiveness and received forgiveness of \$203,237 from the Small Business Administration (SBA) on November 2021.

5. GRANT INCOME

During the year ended September 30, 2021, VPI received \$500,000 in CARES Act Coronavirus Relief Funds from the County. Under the terms of the CARES Agreement, the County reimbursed VPI \$500,000 for CARES Act eligible expenses incurred through December 30, 2020.

6. LIQUIDITY AND AVAILABILITY

VPI regularly monitors liquidity to meet its operating needs and other contractual commitments. VPI has various sources of liquidity at its disposal including cash, receivables and a line of credit. For purposes of analyzing resources available to meet general expenditures over a 12-month period, VPI considers all expenditures related to its ongoing activities of its mission, as well as the conduct of services undertaken to support those activities, to be general expenditures.

The following table shows the total financial assets held by VPI as of September 30, 2022 and 2021, and the amounts of those financial assets available within one year of the date of the statement of financial position to meet general expenditures.

	2022	2021		
Financial assets at year end:				
Cash	\$ 885,086	\$	905,230	
Accounts receivable	 1,870,715		1,470,411	
Total financial assets available to meet general expenditures over the next 12 months	\$ 2,755,801	\$	2,375,641	

7. CONCENTRATIONS OF RISK

VPI's activities are primarily funded by a discretionary appropriation of the Escambia County local option tourist development tax. VPI's ability to continue to operate at current levels is dependent on continued funding from this source.

VPI maintains cash balances at a financial institution, which at times, may exceed federally insured limits. The balances held with the financial institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. VPI's cash balances, before outstanding checks, exceeded federally insured limits by \$808,594 and \$1,232,879 at September 30, 2022 and 2021, respectively. VPI has not experienced any losses in such accounts and believes it is not exposed to any significant risk.

8. SUBRECIPIENT EXPENSE

VPI is the fiscal agent for Art, Culture and Entertainment, Inc. (ACE) and Pensacola Sports Association, Inc. (PSA). In accordance with the Miscellaneous Appropriations Agreements between the County and VPI (the Agreement), VPI accepts tourism development revenue from the County on behalf of ACE and PSA. As fiscal agent for ACE and PSA, VPI is responsible for administering the funding and ensuring it is spent in accordance with the Agreement.

In accordance with US GAAP, this arrangement does not meet the criteria of being an agency transaction; therefore, the expenses incurred by each entity and reimbursed by VPI are recorded as subrecipient expense in the statements of functional expenses.

Subrecipient expenses for the year ended September 30, 2022, consisted of the following:

	ACEPSA		_	Total			
Direct programming expense	\$	1,250,000	\$	620,009		\$	1,870,009
Operations expense		-		88,335			88,335

Operations expense	-		59,252		59,252
Personnel expense	 		243,590		243,590
Total subrecipient expense	\$ 944,576	\$	654,926	\$	1,599,502

9. RELATED PARTY TRANSACTIONS

VPI enters into certain promotional partnership and marketing transactions with organizations that may be affiliated with members of VPI's board of directors. These transactions are conducted at arms-length and are in the normal course of business.

10. RETIREMENT PLAN

VPI administers a 401(k) plan for the benefit of its employees. All employees are eligible to participate if they have completed one year of service and are at least 21 years of age. The plan provides for a safe harbor matching employer contribution equal to 100% of salary deferrals that do not exceed 6% of compensation for each payroll period. The matching contributions totaled \$28,231 and \$21,833 for the years ended September 30, 2022 and 2021, respectively.

VISITOR SUMMARY - APRIL 2023

April 2023 Visitor Summary

- » Data should be interpreted with caution as monthly sample sizes are modest resulting in larger month-to-month variation.
- » Number of visitors for April decreased -4.7% compared to last year.
 - » Compared to April 2022, occupancy was lower and visitors had smaller travel party sizes resulting in a decrease in the overall number of visitors.
 - » However, the decrease in visitors was not as large as the decrease in occupancy due to more day trippers compared to last year.
- » Hotel occupancy was down -7.9% from last year and ADR was down -2.0%, resulting in a RevPAR that was down -9.8% from last year.
- » Hotel room nights were down -7.6% compared to April 2022.
- » Vacation rental unit revenue increased +10.7% from last year.
 - » Compared to April 2022 there were more vacation rental units available (+6% more), resulting in an increase in unit revenue despite the decrease in occupancy and ADR.
- » Compared to 2022, more visitors came to the area just for the day.
- » Top markets for this month were Mobile and surrounding areas, Atlanta, Nashville, and New Orleans.

♥ WAY TO BEACH CAMPAIGN

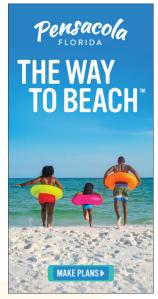

This over-arching campaign and primary message generates traveler awareness, interest, consideration, and bookings by connecting travelers with the relaxing white-sand beaches that draw them here. A variety of digital tactics combine with print, broadcast, and radio to connect us with potential travelers.

Comparing Year-Over-Year Campaign Results

This graph compares October-April of fy22 and fy23. It reflects trackable results based on Adara's reporting of digital advertising efforts.

♥ INTEREST CAMPAIGN

Here we show off Pensacola's unique offerings to history enthusiasts, foodies, craft beer lovers, divers, birders, and fishing fiends. Making a "you can do what you love here" connection helps create affinity for Pensacola and differentiate us from neighboring destinations.

The campaign continues to grow awareness and drive bookings.
